

# INSTRUCTIONS FOR GREEN STAFF

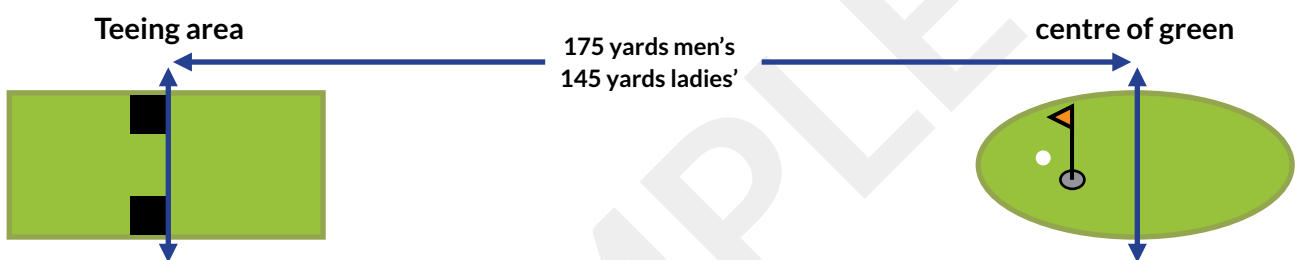

## Friendly Golfers Society Meeting – 21/08/2014

The above society are holding a Hole in One competition and, in order for the insurance policy to be valid, it is important that the length of hole on the major prize hole is set out correctly. In order to allow for rotation of pin placement on the green there are two options for the layout of the hole to the correct length.

## Major Prize Hole – 17th Designated at 175 Yards Men's Tee and 145 Yards Ladies' Tees

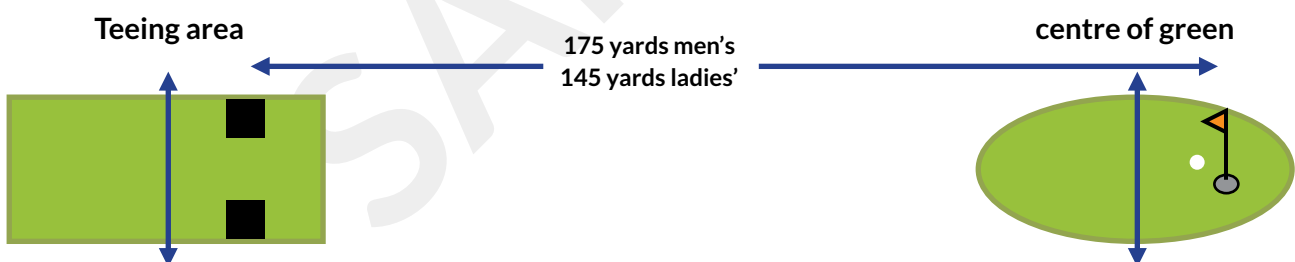

### Option A – Forward of Centre Pin Placement

If the pin is forward of the centre of the green then the hole must be laid out so that the minimum distance from the teeing area to the centre of the green (both ladies' and men's tees) is no shorter than that stated. The diagram illustrates this.

### Option B – Rear of Centre Pin Placement

If the pin is behind the centre line of the green then the teeing position can be moved forward provided that the distance from the teeing area to the pin (both ladies' and men's tees) is no shorter than that stated. The diagram illustrates this.

### Other Par 3 Holes

Ancillary prizes are being offered on the other par 3 holes. Please ensure these are played from the normal teeing areas. If temporary teeing areas are in use because of weather conditions, ground conditions or maintenance work these are acceptable providing they are not on the main prize hole. They must not be deliberately placed to make the hole easier to play.

### Pin Placement

The pin on any par 3 hole must not be positioned in a groove or valley of a Target Green to deliberately encourage the path of the ball towards the hole.
